C-01-11	Sheffield Safer and Sustainable Communities Partnership have withdrawn the funding that was available to run the best Bar None in 2011/12. Following the successful outcome of the pilot in 2009/10 and the 2nd year in 2010/11 we are looking to run the scheme starting April 2011 and to finish in March 2012 and Licensed premises in Sheffield City Centre and Ecclesall Road will be invited to take part. Best Bar None is a recognised award scheme supported by the Home Office and aimed at promoting responsible management and operation of alcohol-licensed premises. It was developed and piloted in Manchester 2003 and found to be a huge success with premises now competing to participate. Best Bar None is currently running over 80 locations. Best Bar None schemes provide an incentive for the operators of the licensed premises to improve their standards of operation to the level of a commonly agreed national benchmark.	Sheffield Drug and Alcohol Action Team, NHS Sheffield.	Mercury Taxis (Sheffield) Limited, 116 Northfield Road, Crookes, Sheffield, S10 1QS.	400.00	Not applicable	Approved	05.05.11	Not applicable

C-06-11	Two city wide, half day training events for GPs, practice nurses and community physiotherapists on Musculoskeletal (MSK) conditions (NB the same event will be repeated, it is not two separate events). The aim of the events is to 1) provide clinical education for GPs, practice nurses and community physiotherapists on evidence based management of MSK problems 2) update clinicians on the locally agreed MSK pathways and build clinical engagement. Topics to be covered: hip and knee arthroplasty; foot and ankle problems; osteoporosis; the spinal pathway; problems with soft tissue, shoulder, wrist and hand. MSK conditions are a corporate priority for NHS Sheffield in the 2010/11 Quality, Innovation, Productivity and Prevention (QIPP) programme. The clinical content of the programme has been designed by two local GPs, with oversight from the Joint Chair of the Clinical Executive of NHS Sheffield.	Clinical staff who attend the training sessions (some 300+)	ProSirakan Galabank Business Park, Galashiels, TD1 1QH	500.00	Approved by the Head of Medicines Management. The arrangements concern covering costs associated with the venue. The Sponsoring organisation will not be contributing to the programme.	Approved	30.09.11	Not applicable
C-07-11	Two city wide, half day training events for GPs, practice nurses and community physiotherapists on Musculoskeletal (MSK) conditions (NB the same event will be repeated, it is not two separate events). The aim of the events is to 1) provide clinical education for GPs, practice nurses and community physiotherapists on evidence based management of MSK problems 2) update clinicians on the locally agreed MSK pathways and build clinical engagement. Topics to be covered: hip and knee arthroplasty; foot and ankle problems; osteoporosis; the spinal pathway; problems with soft tissue, shoulder, wrist and hand. MSK conditions are a corporate priority for NHS Sheffield in the 2010/11 Quality, Innovation, Productivity and Prevention (QIPP) programme. The clinical content of the programme has been designed by two local GPs, with oversight from the Joint Chair of the Clinical Executive of NHS Sheffield.	Clinical staff who attend the training sessions (some 300+)	GlaxoSmithKline Stockley Park West, Uxbridge, Middlesex, UK11 1BT	1,000.00	Approved by the Head of Medicines Management. The arrangements concern covering costs associated with the venue. The Sponsoring organisation will not be contributing to the programme.	Approved	30.09.11	Not applicable

C-08-11	Two city wide, half day training events for GPs, practice nurses and community physiotherapists on Musculoskeletal (MSK) conditions (NB the same event will be repeated, it is not two separate events). The aim of the events is to 1) provide clinical education for GPs, practice nurses and community physiotherapists on evidence based management of MSK problems 2) update clinicians on the locally agreed MSK pathways and build clinical engagement. Topics to be covered: hip and knee arthroplasty; foot and ankle problems; osteoporosis; the spinal pathway; problems with soft tissue, shoulder, wrist and hand. MSK conditions are a corporate priority for NHS Sheffield in the 2010/11 Quality, Innovation, Productivity and Prevention (QIPP) programme. The clinical content of the programme has been designed by two local GPs, with oversight from the Joint Chair of the Clinical Executive of NHS Sheffield.	Clinical staff who attend the training sessions (some 300+)	Pfizer Ltd Walton Oaks, Donking Road, Tadworth, Surrey, KT20 7NS	600.00	Approved by the Head of Medicines Management. The arrangements concern covering costs associated with the venue. The sponsoring organisation will not be contributing to the programme.	Approved	30.09.11	Not applicable
C-09-11	Project to run a half day education event for GPs and the wider primary care team: 'Microbiology and the management of common infections in the community' on 8th November 2011. The event will cover urine, soft tissue and chest infections, and provide clinical update on sampling, antibiotic prescribing and clinical management of diarrhoea and vomiting. The aim of the event is to provide a professional education on these topics and to improve compliance with best practice. The clinical content of the programme has been designed by the Infection Prevention and Control Practitioner at NHS Sheffield, Joint Clinical Director at NHS Sheffield and Consultant Microbiologist at Sheffield Teach Hospitals NHSFT.	Clinical staff who attend the training sessions (approx 180)	Alere Ltd Pepper Road, Hazel Grove, Stockport, Cheshire, SK7 5BW	800.00	Approved by the Head of Medicines Management. Alere Ltd do not manufacture medicines but do make products and services relevant to diagnostics and pathology. They design and supply diagnostic screening and monitoring products, health and wellness programmes and managed telehealth services. Their main areas of operation are cardiovascular disease, infectious diseases, oncology, sexual health and women's health. Their products are available to both the hospital and primary care sector.	Approved	07.11.11	Not applicable
C-10-11	Project to run a city wide half day training event to provide clinical education for GPs and practice nurses on evidence based management of cardiac and related problems. Topics to be covered: heart failure, atrial fibrillation, stroke prevention, hypertension management and angina. The clinical content of the programme has been designed by the Health Improvement Principle at NHS Sheffield and cardiologists at Sheffield Teaching Hospitals NHS Foundation Trust with oversight from the Joint Clinical Director of Sheffield NHS Clinical Commissioning Group.	Clinical staff who attend the training session (approx 175)	Boehringer - Ingelheim Limited, Ellesfield Avenue, Bracknell, Berkshire, RG12 8YS.	500.00	Approved by the Head of Medicines Management. The arrangements concern covering costs associated with the venue. The sponsoring organisation will not be contributing to the programme.	Approved	05.12.11	Not applicable
C-11-11	Project to run a city wide half day training event to provide clinical education for GPs and practice nurses on evidence based management of cardiac and related problems. Topics to be covered: heart failure, atrial fibrillation, stroke prevention, hypertension management and angina. The clinical content of the programme has been designed by the Health Improvement Principle at NHS Sheffield and cardiologists at Sheffield Teaching Hospitals NHS Foundation Trust with oversight from the Joint Clinical Director of Sheffield NHS Clinical Commissioning Group.	Clinical staff who attend the training session (approx 175)	AstraZeneca Global Commercial, UK Marketing Company, Horizon Place, 600 Capability Green, Luton, Bedfordshire, LU1 3LU.	500.00	Approved by the Head of Medicines Management. The arrangements concern covering costs associated with the venue. The sponsoring organisation will not be contributing to the programme.	Approved	05.12.11	Not applicable
C-12-12	#####	Public Health Development Nursing department	GlaxoSmithKline Stockley Park West, Uxbridge, Middlesex, UK11 1BT	0.00	Not applicable	Approved	26.01.12	Not applicable
C-13-12	Winning the Fight for Breath with COPD' is a disease awareness campaign by the British Lung Foundation (BLF) which aims to encourage optimal care and self-management of COPD to understand how they can manage their condition themselves and recognise when to seek help from their GP, giving them the best chance of receiving the right treatment. Members of NHS Sheffield, primary care and Sheffield Teaching Hospitals, were involved in the planning process, in order to provide clinical and local guidance, to endorse the project and to support distribution of materials including a flyer and letter to healthcare professionals. A launch event was held at Meadowhall on 18th February and engaged with 125 members of the public.	Public Health Development Nursing department and GP Clinical Lead	GlaxoSmithKline Stockley Park West, Uxbridge, Middlesex, UK11 1BT	0.00	Approved by the Head of Medicines Management. Finding and treating new patients results in increased prescribing costs in primary care. This expense needs to be viewed in the context of improved outcomes for patients. No financial payments or exchanges are required. The estimated value of the project, including printing and distribution of leaflets, plus campaign launch is £10,000. This is a BLF project, therefore the cost is attributed to the BLF and not the Primary Care Trust.	Approved	15.02.12	Not applicable
C-14-12	Invitation to attend the International Primary care Respiratory Group Conference in Edinburgh, 25-28 April 2012, including entry to conference, three nights accommodation, three nights evening meal, Friday lunchtime symposium and reasonable travel expenses. (the sponsorship was not accepted)	Lead Public Health Development Nurse	Almirall	£500 (estimated)	Not applicable	Declined	01.03.2012
